A day with Vinny at Van Nuys Airport

COLORING BOOK
Dear Parents and Teachers,

On behalf of Van Nuys Airport (VNY), I want to thank you for taking the time to visit with us. We have developed this coloring book to introduce students to the exciting world of aviation.

For most people, only pilots and flight attendants come to mind when they think of airports. However, there are countless careers in the field of aviation, including air traffic controllers, mechanics, engineers, accountants, police officers, marketing professionals, operations staff and many more.

As a general aviation airport, VNY is dedicated to introducing children to the joys of travel, the important role transportation plays in our lives and the aviation industry.

If you have questions or would like to schedule a tour, please contact the Public and Community Relations Department at 818-442-6526. We hope your student enjoys the journey as we take flight.

Sincerely,

Diana M. Sanchez
Public & Community Relations Director
