

A day with

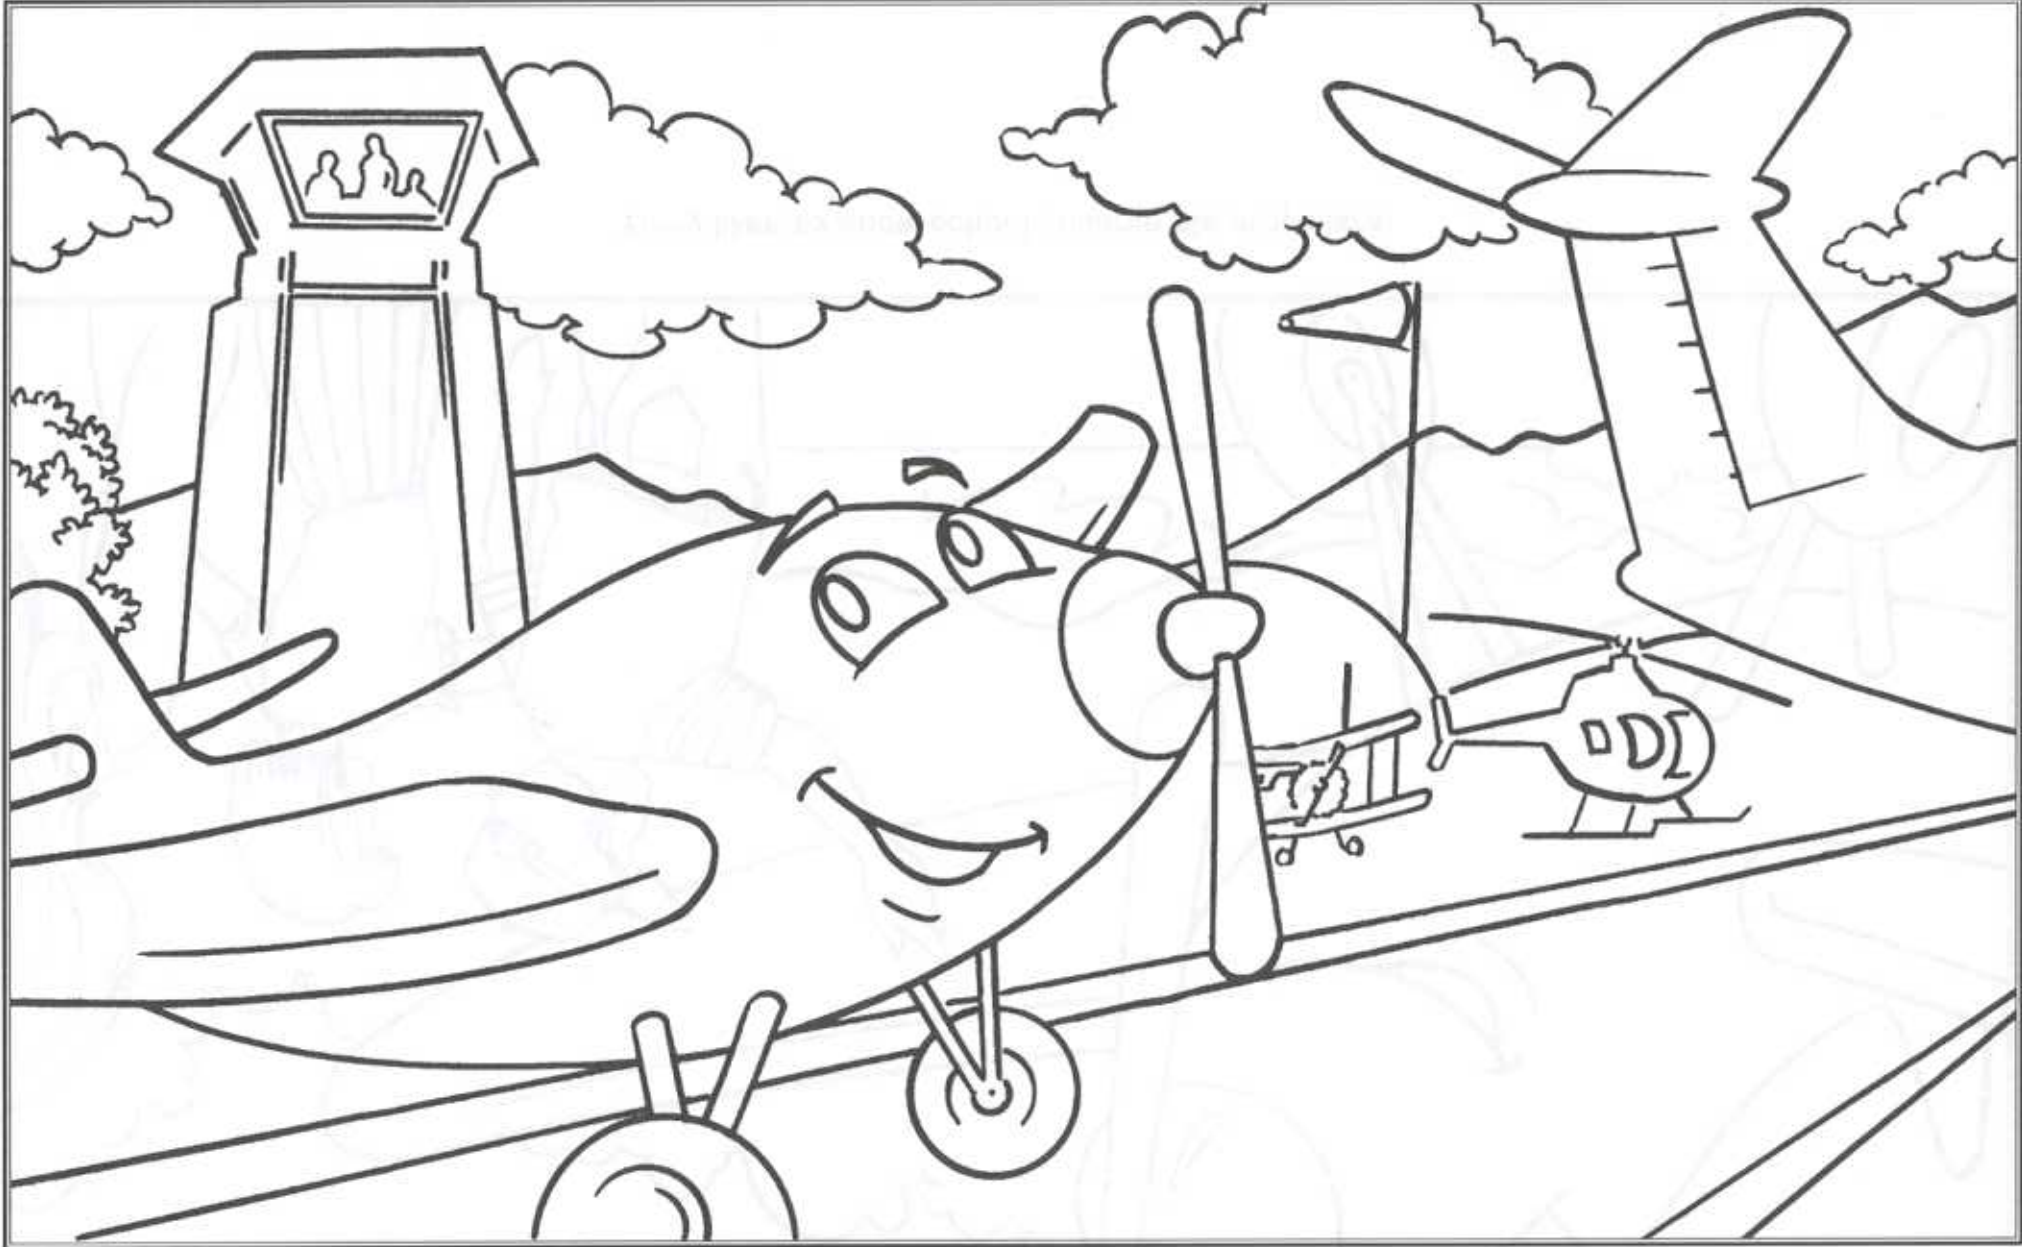

Vinny

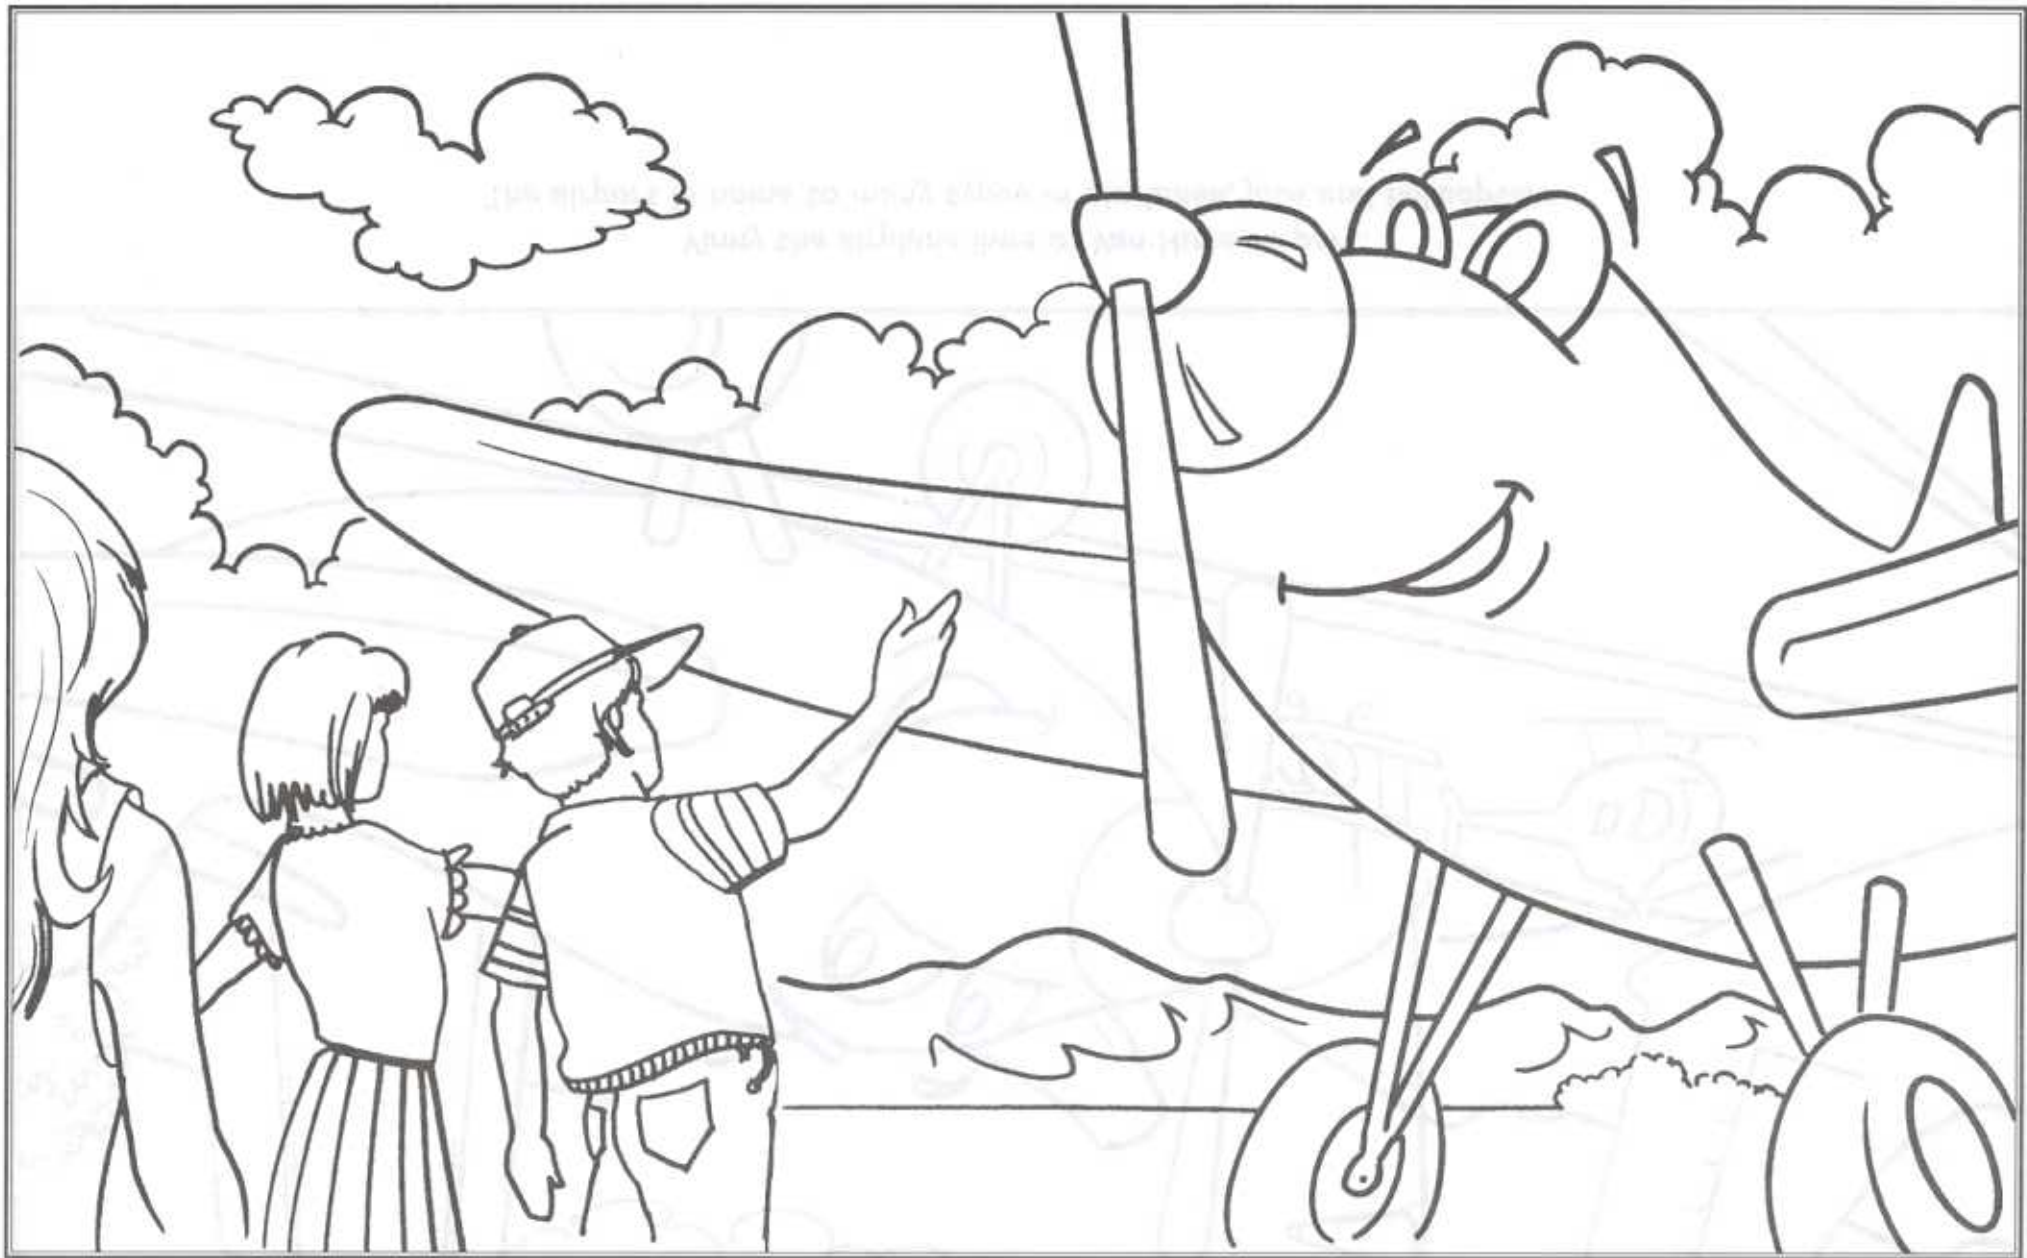

at

Van Nuys Airport

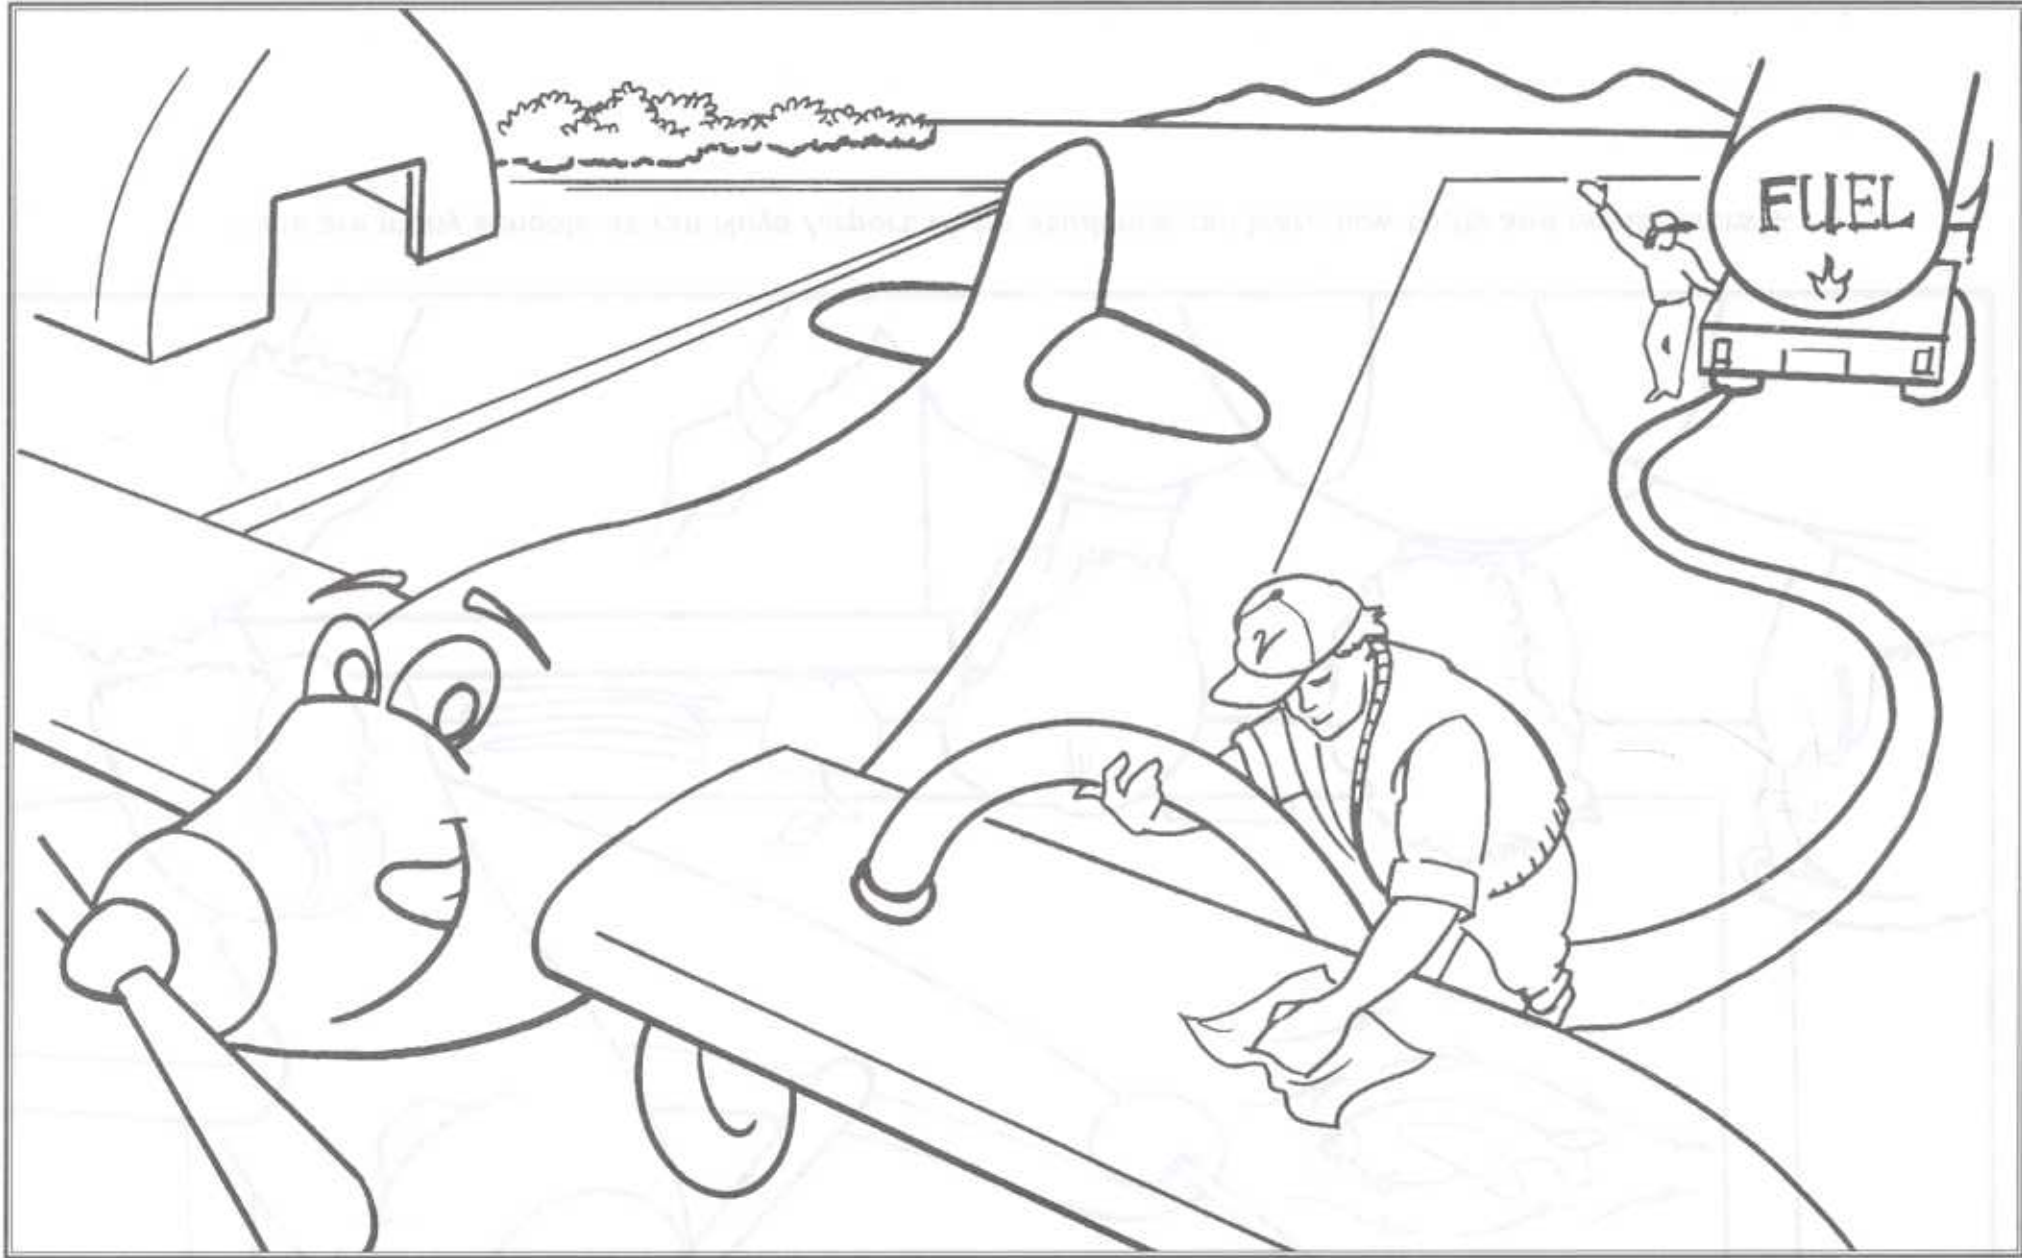

COLORING BOOK

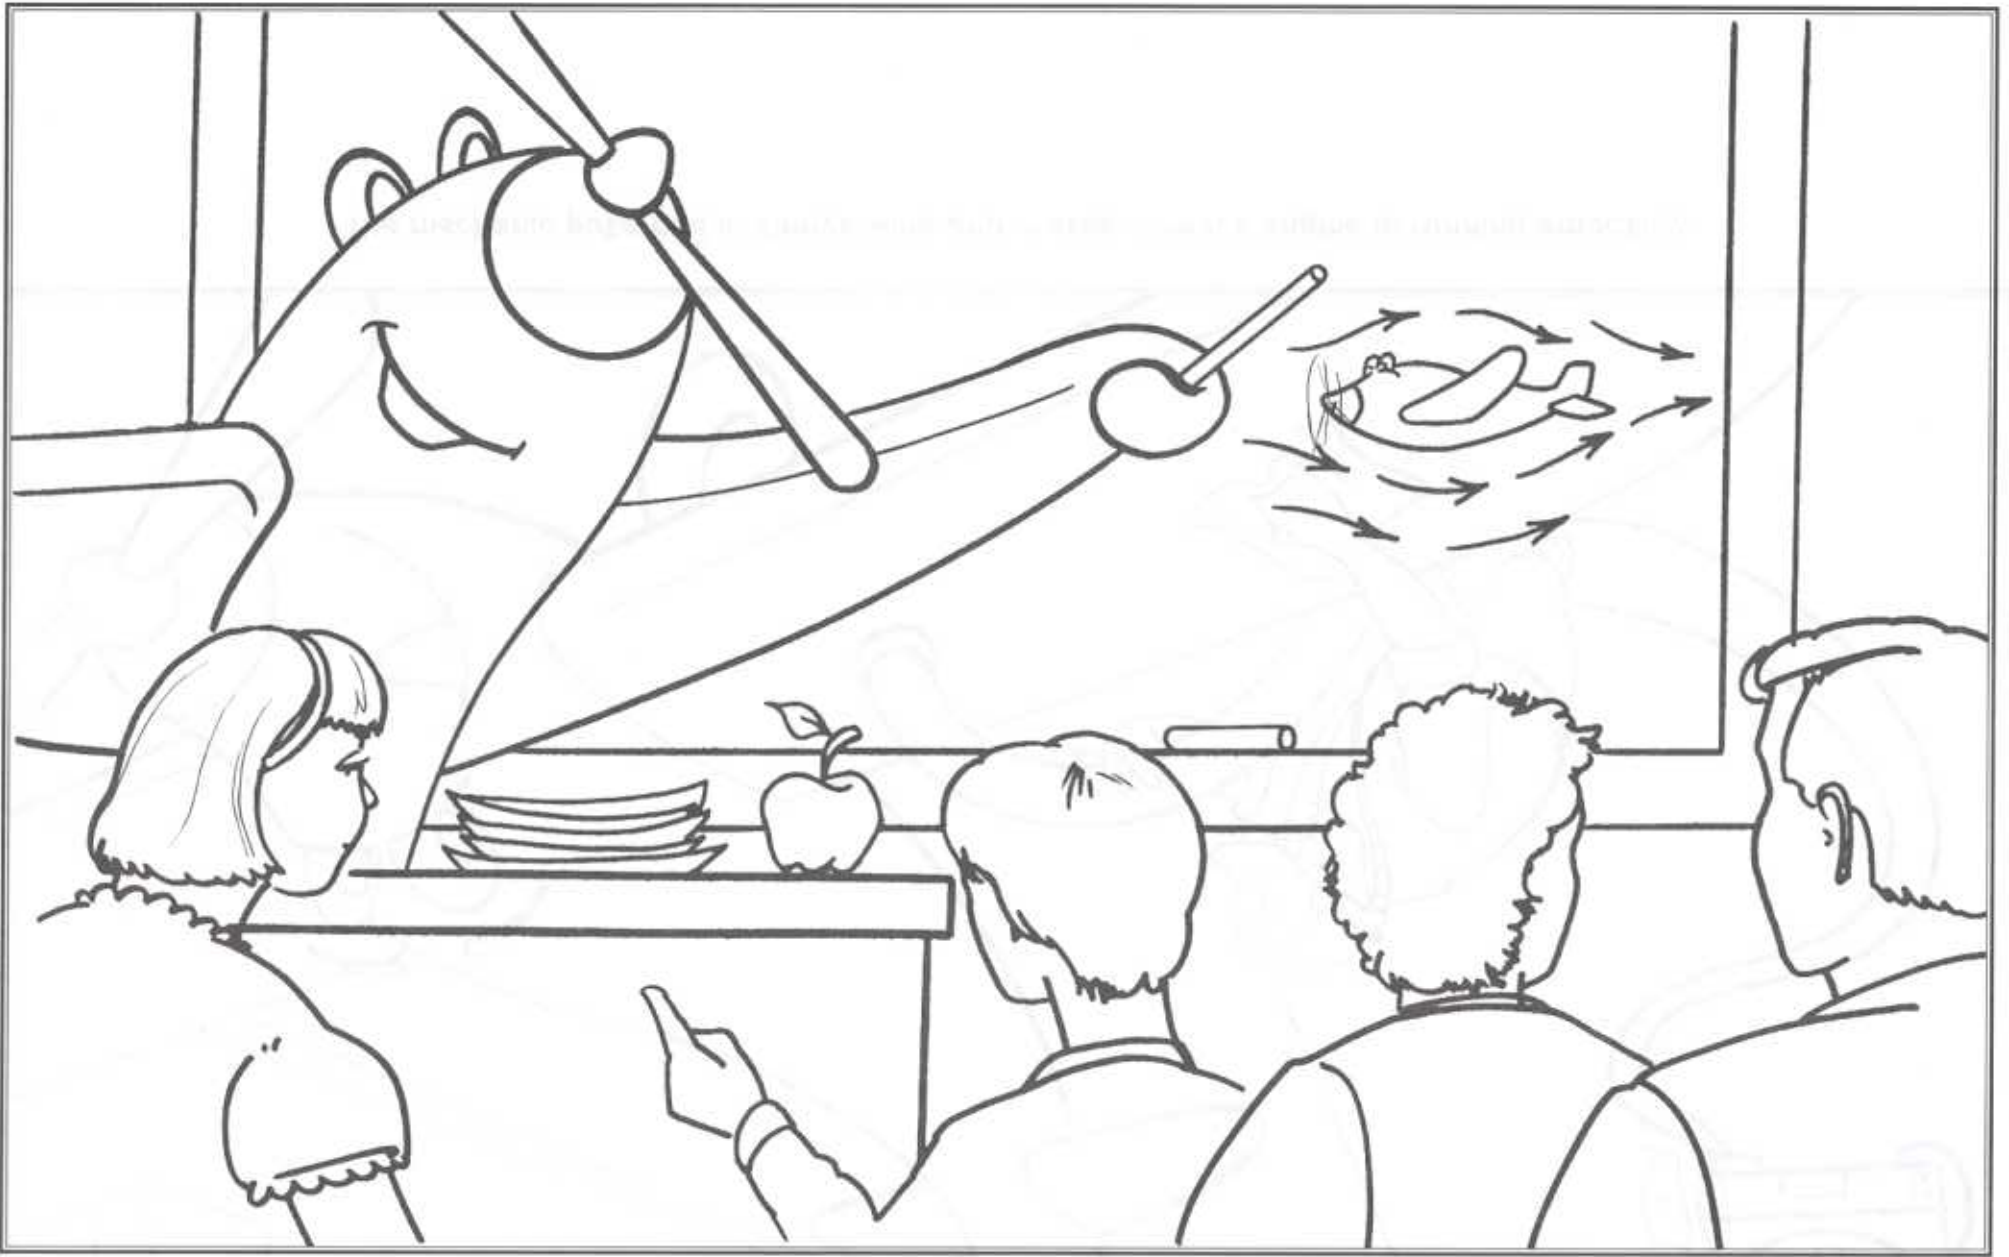

Vinny the airplane lives at Van Nuys Airport.
The airport is home to many types of airplanes, jets and helicopters.

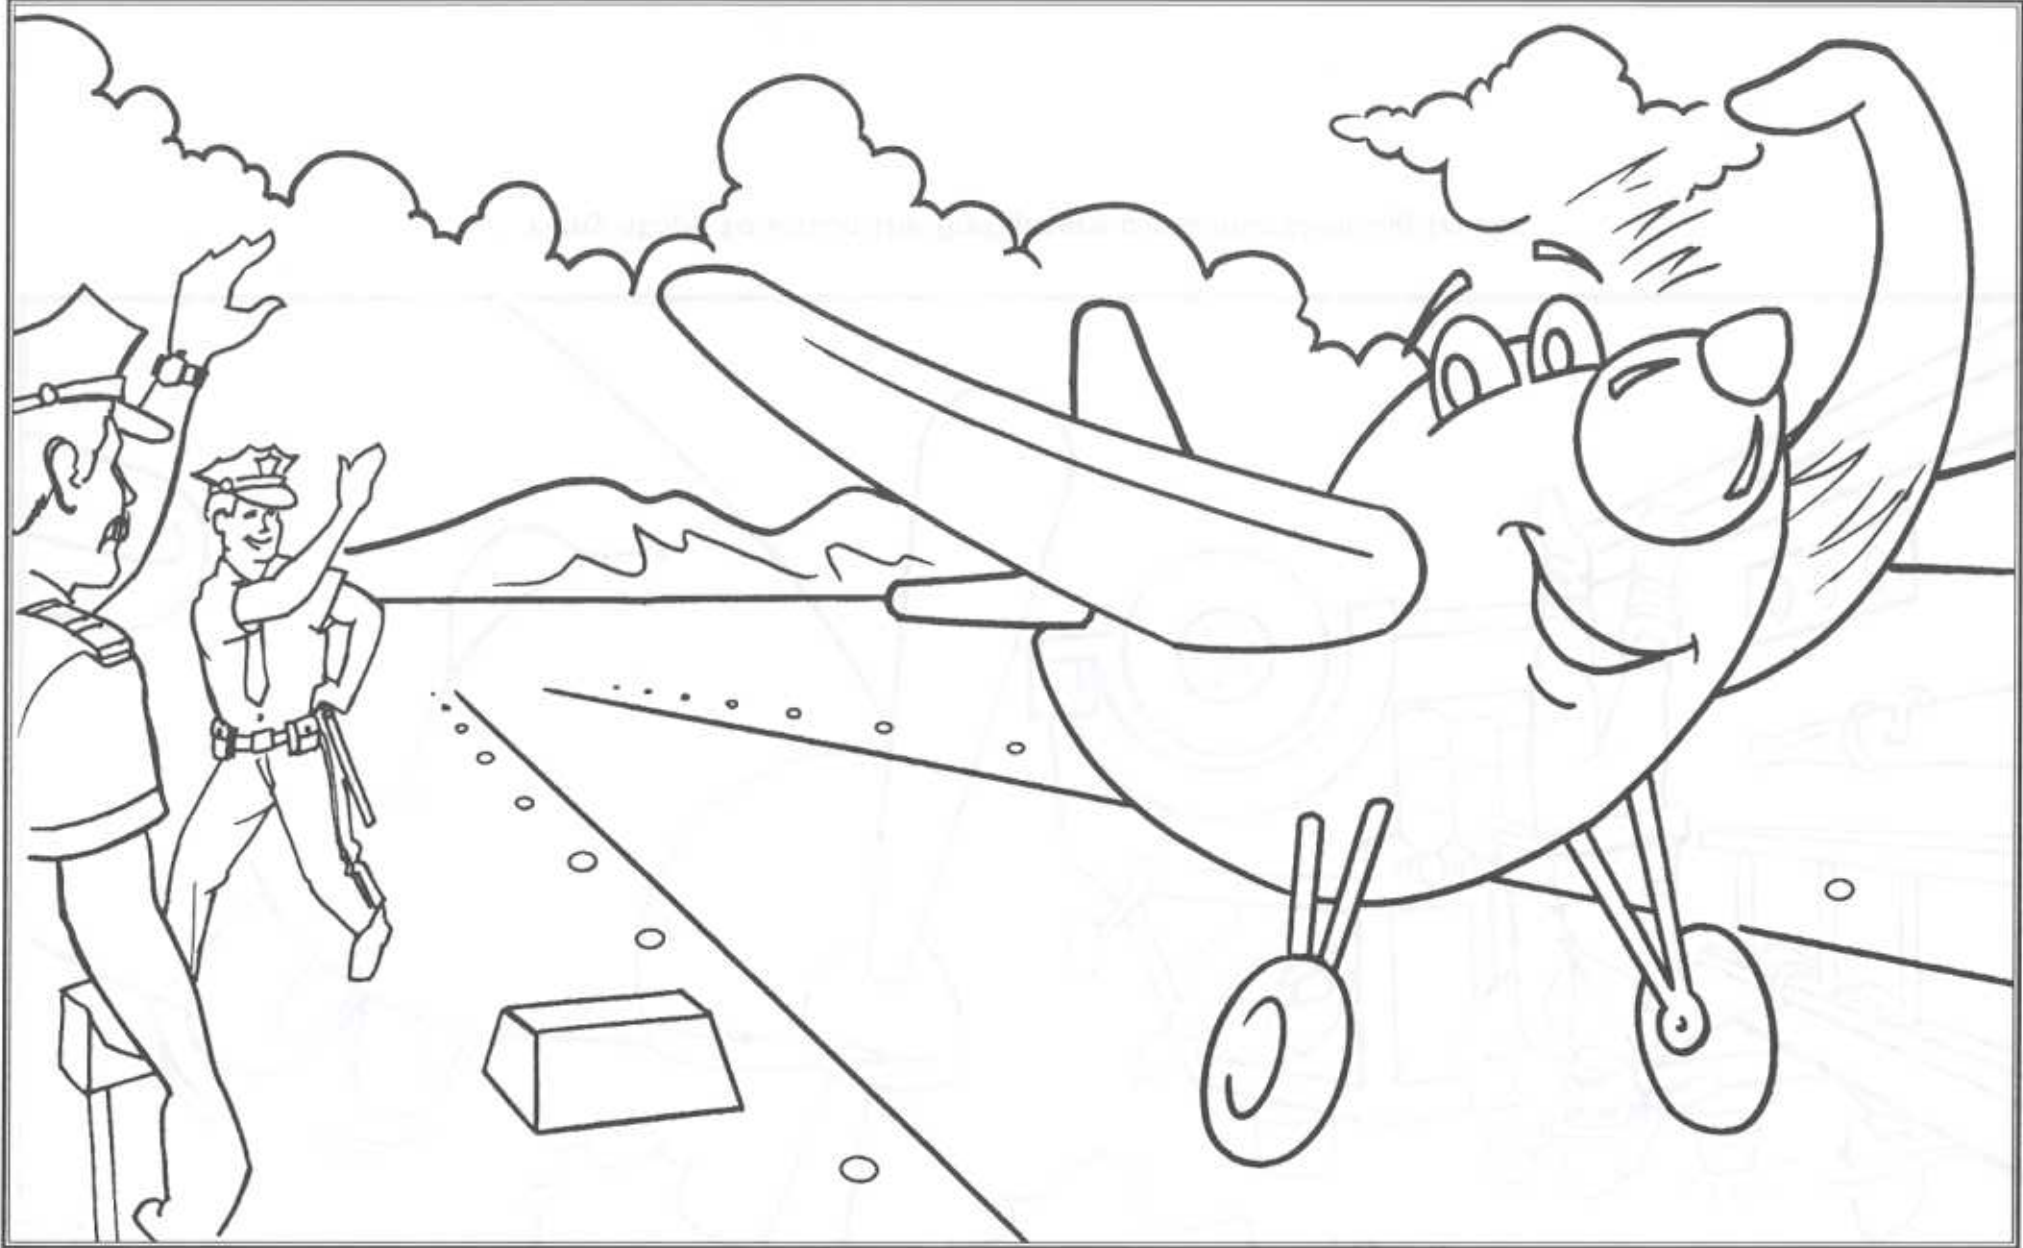

Vinny likes to show school children his propellers.

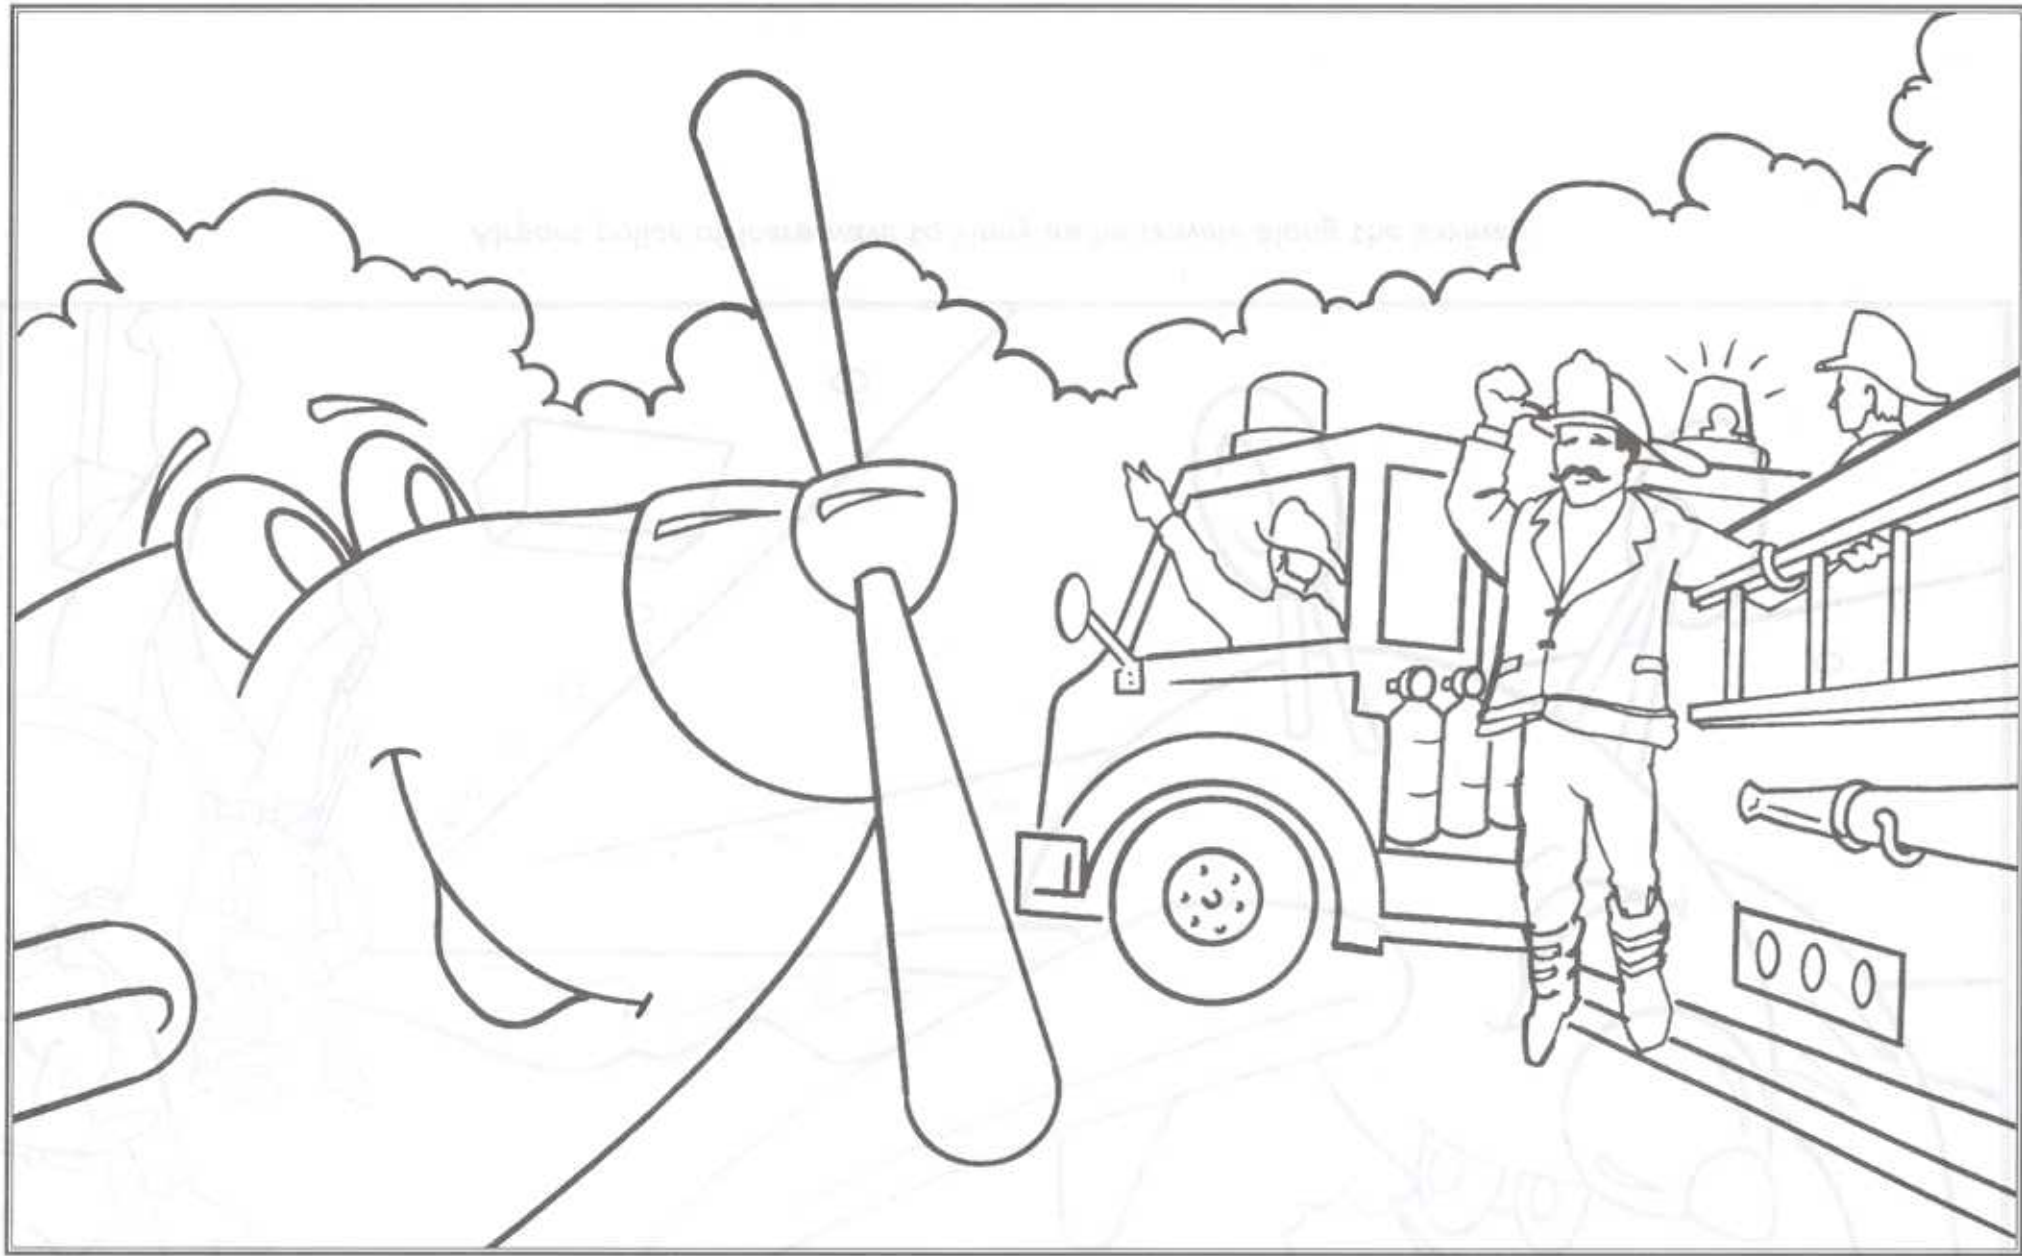

The mechanic puts fuel in Vinny's wing and makes sure his engine is running smoothly.

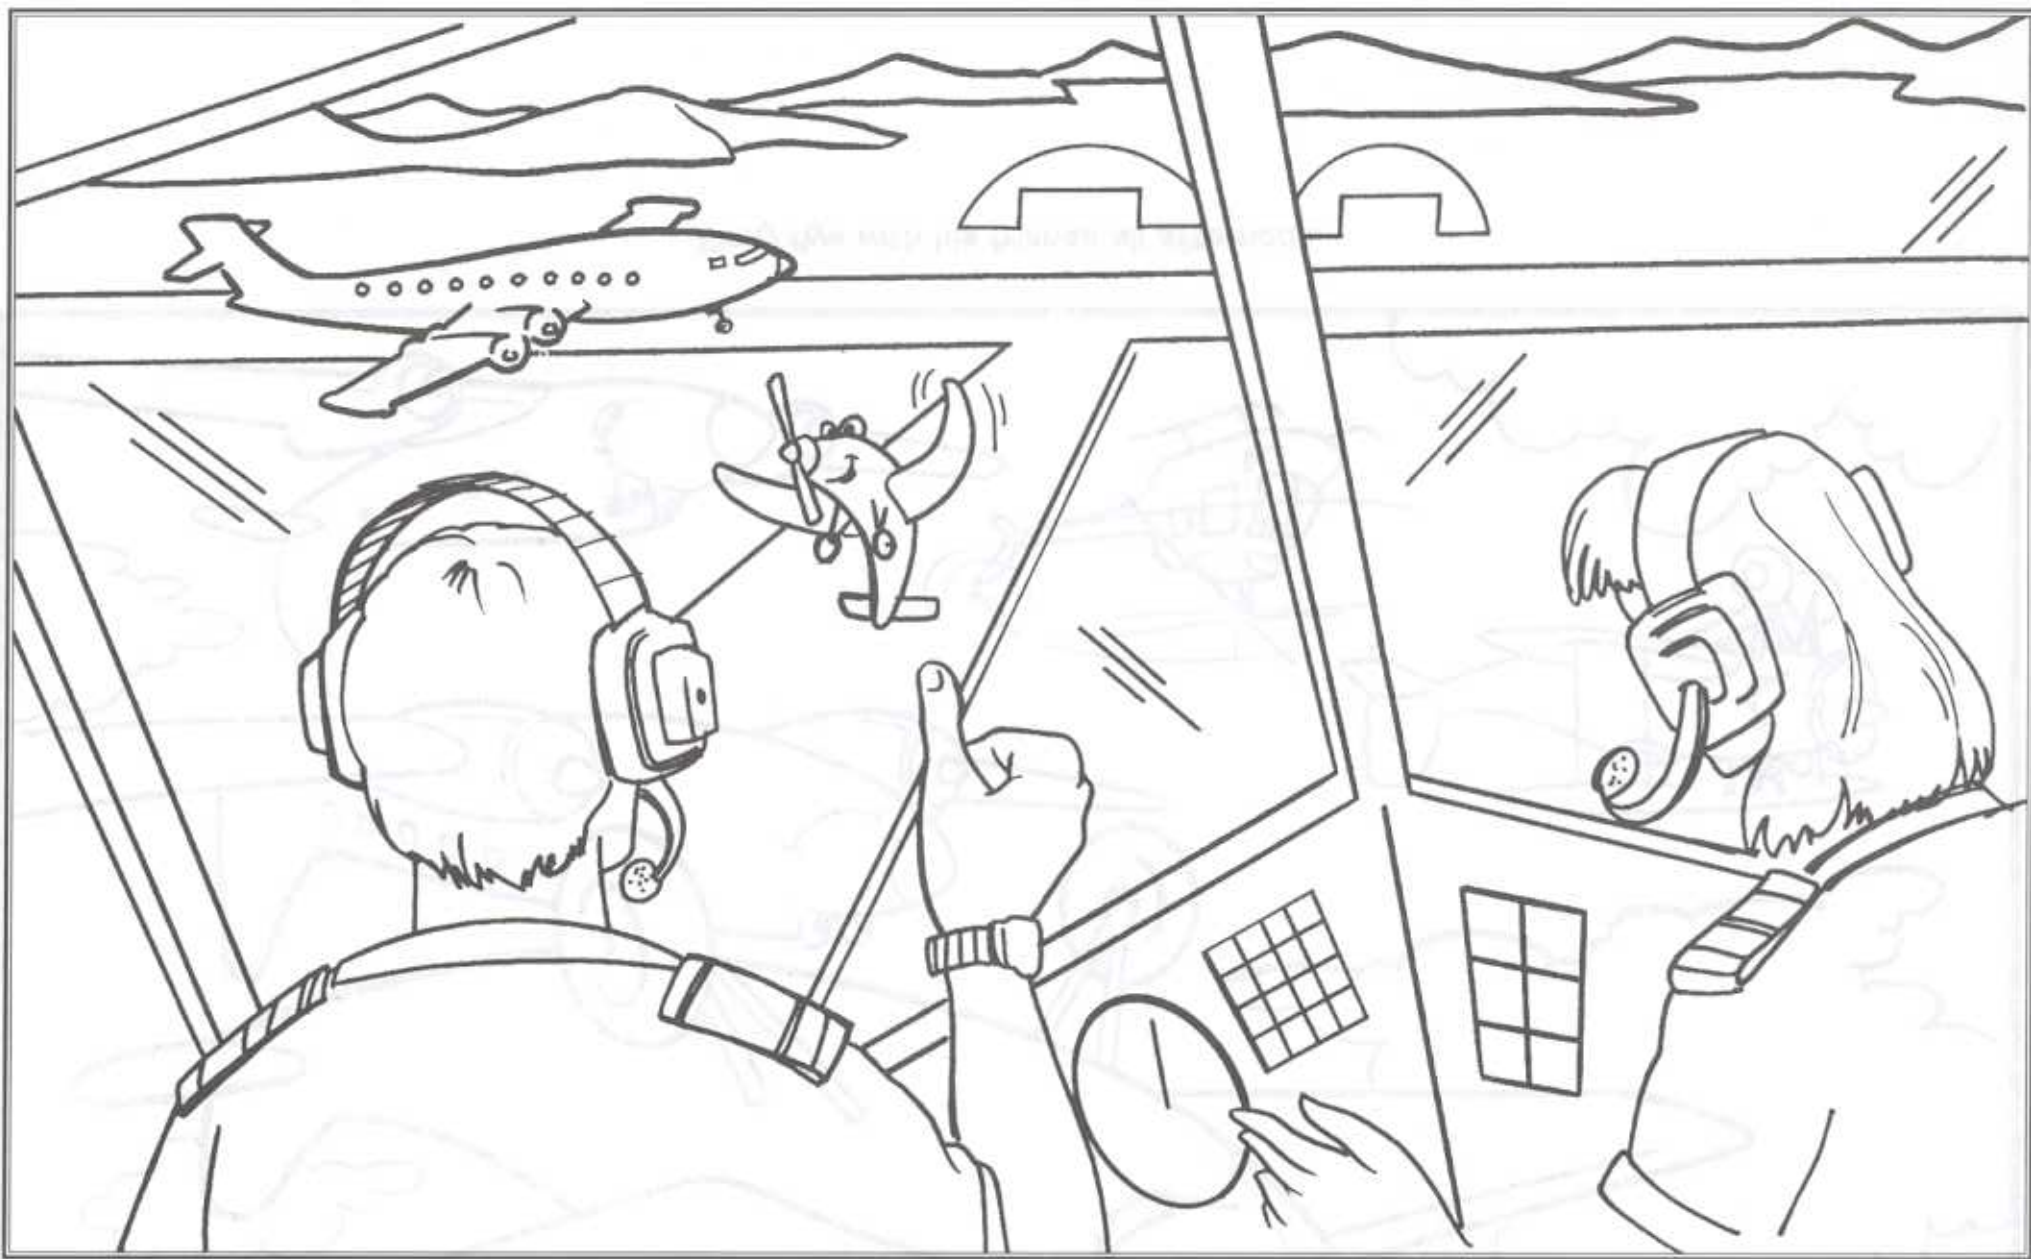

There are many schools at Van Nuys Airport where students can learn how to fly and repair aircraft.

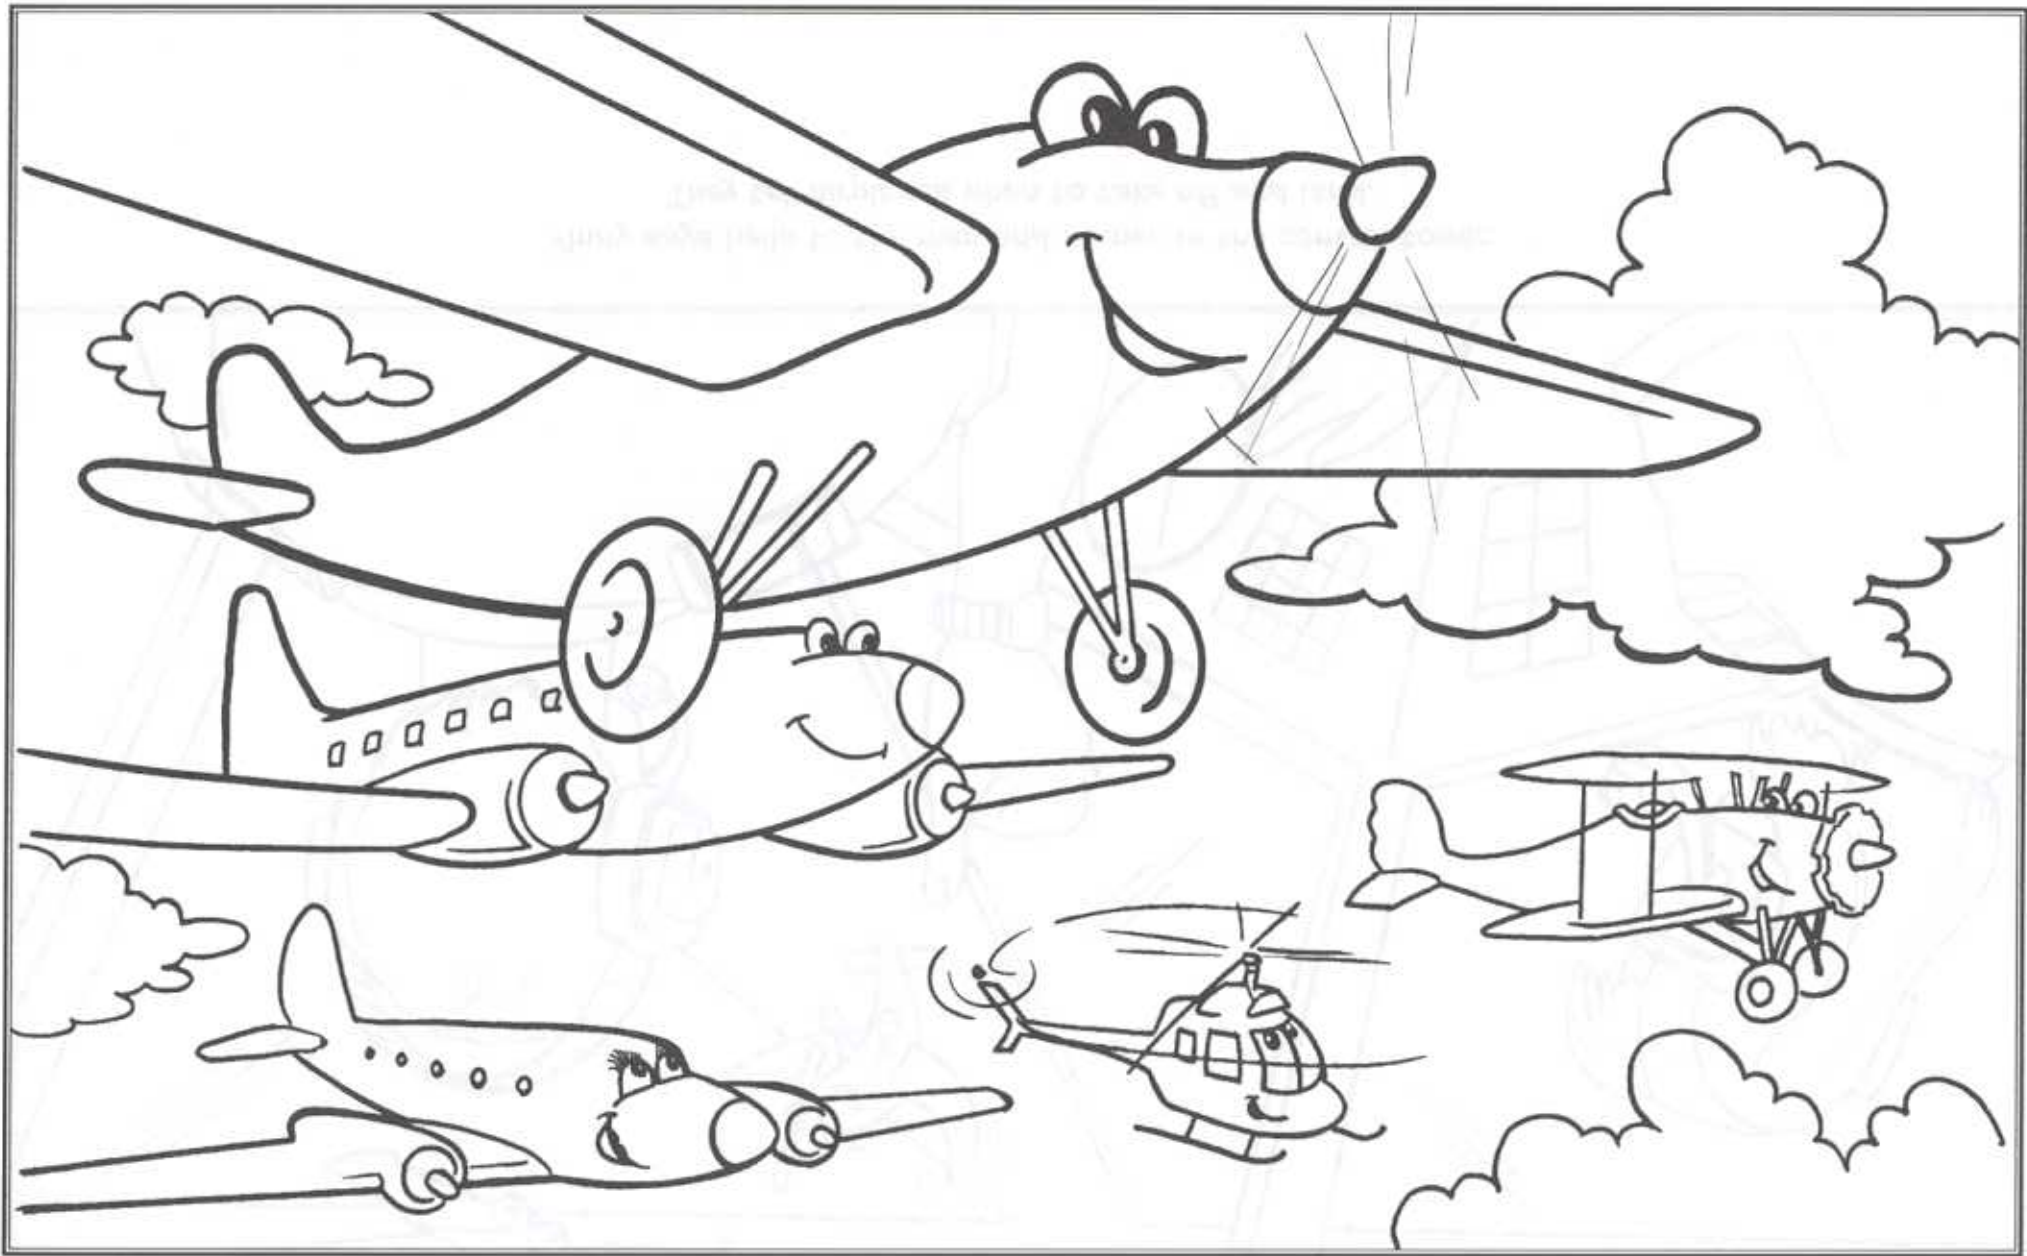

Airport police officers wave to Vinny as he travels along the taxiway.

Vinny stops to watch the firefighters climb into their big trucks.

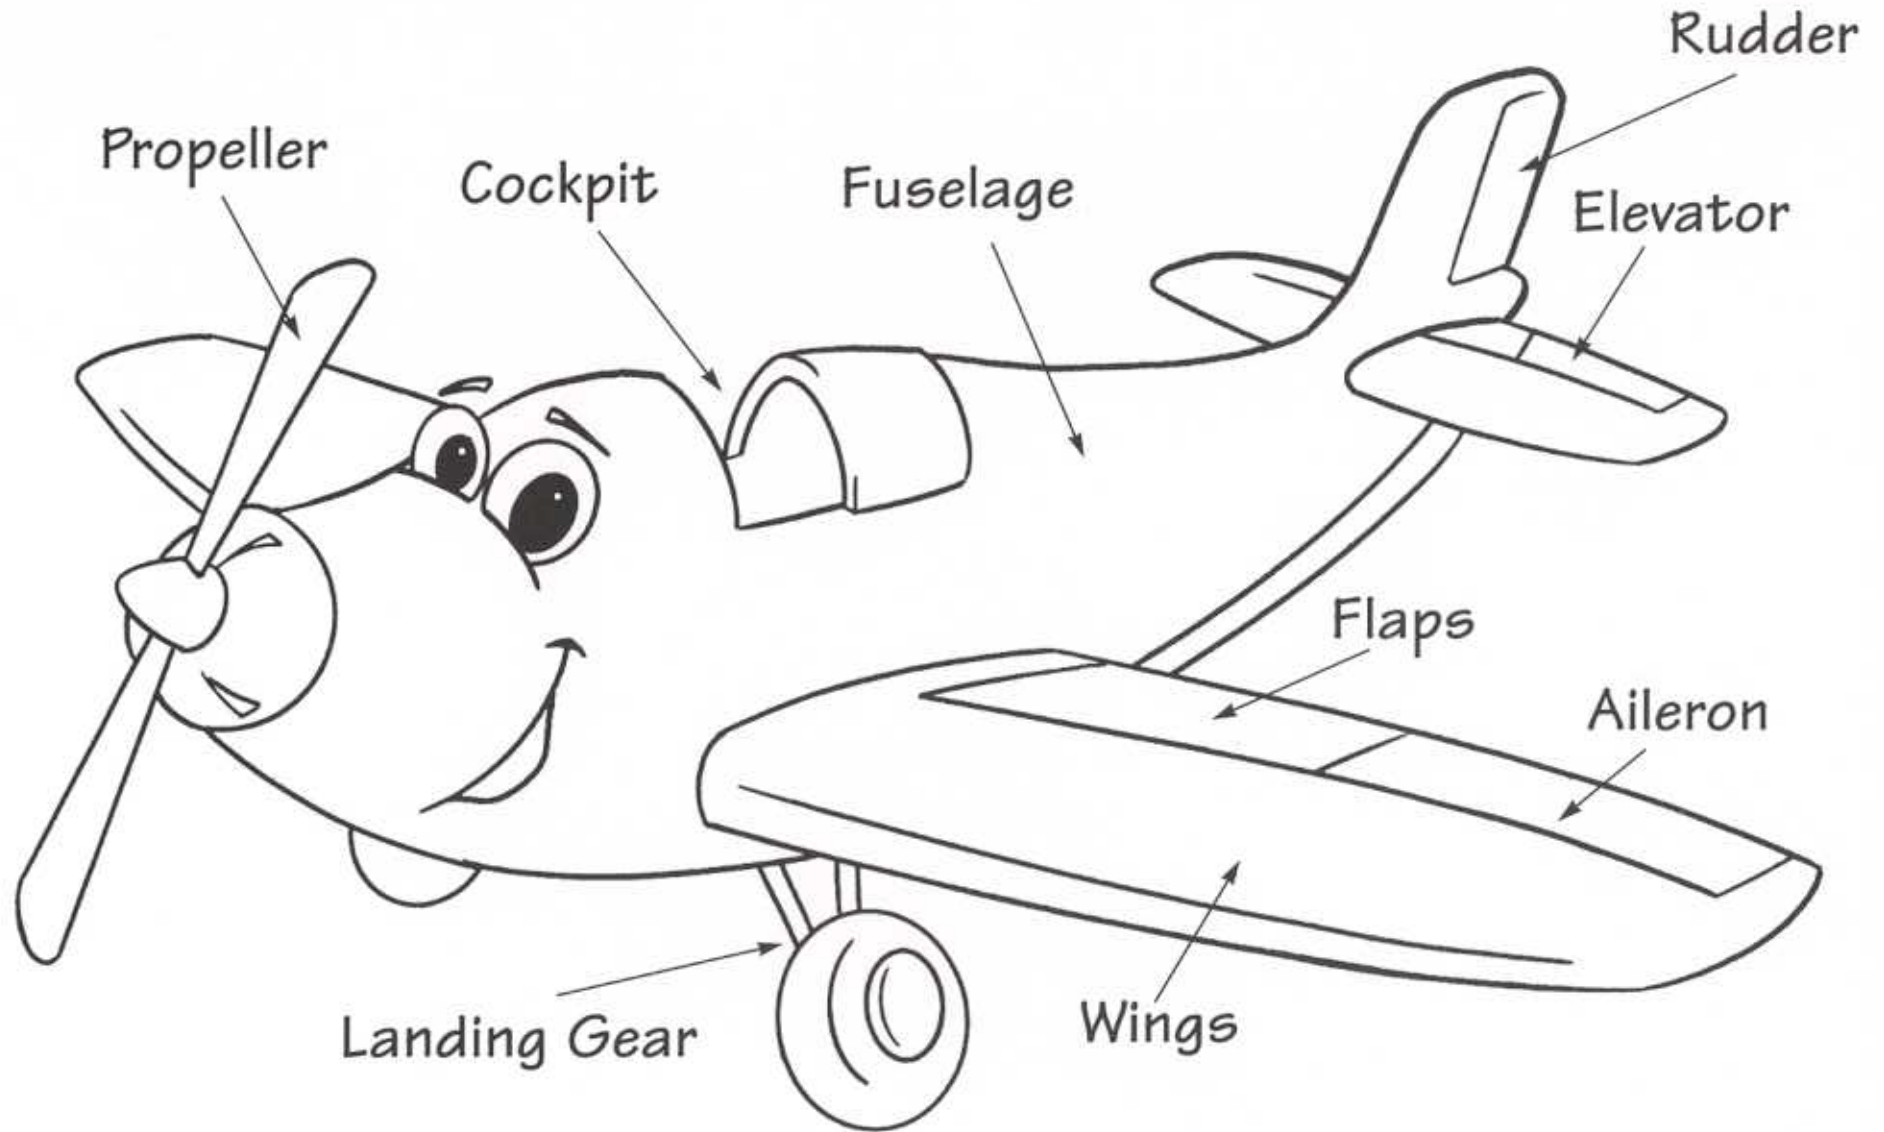

Vinny says hello to the men and women in the control tower.
They tell airplanes when to take off and land.

Vinny flies with his friends all afternoon.
