AIRPORT ADVISORY NOTICE

Notice #2017-4

Date: Sunday, January 15, 2017
Time: 6:45 AM Local Time
Subject: Airport Power Disruption – Some Tenants Affected

At approximately 6:45 AM this morning, the Van Nuys Airport experienced an electric power service disruption. Currently this **IS NOT** affecting airport operations, the airfield lighting system is operating on the back-up generator.

As of this notice, the only tenant leaseholds currently without power are those in the south-west quadrant of the airfield (west of the runways, between Sherman Way and Van Owen Street).

The major FBO facilities have not been affected and are operating normally.

At this time, the cause of the outage is unknown, but appears to be affecting a large area of the neighborhood to the west of the airport. Please use caution if you are driving to the airport from this area as traffic signals may be out.

ADVISORY ISSUED BY	G. Lavender
DATE ISSUED	1/15/2017
TIME ISSUED	08:00 AM

For additional information, contact the Van Nuys Airport at (818) 442-6506 or via facsimile at (818) 442-6751
